

# ROJESTVENSKY GOING ON TO FIGHT TOGO

## NO HALT IN THE PROGRESS OF RUSSIAN ADMIRAL'S ARMADA

## BODY OF GREAT PAUL JONES IS LOCATED

### Dispatch Indicates That a Battle is On.

**A Report From London Says an Engagement Will Occur in the Formosa Straits To-Day or To-morrow.**

LONDON, APRIL 15.—IT IS EXPECTED THAT THE RIVAL FLEETS WILL MEET TODAY OFF THE FORMOSA OR BRACHI CHANNELS.

London, April 15.—No definite news has yet been received as to the whereabouts of Rojestvensky's fleet, but the reports at hand indicate that he is steadily proceeding in the direction of Formosa, where the Japanese are believed to be awaiting his arrival. Today's dispatches seem to confirm the belief that this is where the Japanese Admiral has planned to give battle to the Russians. The Pescadores and neighboring islands have been declared in a practical state of siege supposedly to cover the preparations being made for the reception of Rojestvensky's fleet.

The imminence of the great naval struggle has put a temporary quietus on talk of peace, but it is believed that, once the battle has been fought, whatever the result, the Russian Government will be compelled to discuss terms of peace recognizing the necessity of giving its entire attention to the internal affairs of the empire.

#### ON THE MAY DAY

**The Russian Revolutionists Call on the People to Rise.**

St. Petersburg, Apr. 15.—Developments all points to a crisis in the present agitation among workmen of the cities and the peasants in the country on May Day, and appeals are pouring in from all quarters of Russia for military protection. The St. Petersburg workmen are preparing a great demonstration. Arms and bombs in large quantities have been smuggled in and bloodshed on a large scale is feared. The Government evidently relies on the troops and police to guard the capital. The later are extremely active. The prisons are filled to overflowing.

The news received from the interior is alarming, especially from the Baltic provinces. The cities are being flooded with proclamations calling on the people to rise on May Day.

The Imperial rescript created a special commission under the Presidency of Interior Minister Boulignon to discuss questions relative to the present tenure of lands is a direct recognition of the grave peril involved in the spreading peasant agitation which threatens not only the big estates, but the imperial domains. Two methods of relief are proposed by the rescript—the purchase of additional land by the aid of a peasant bank and the colonization of Siberia.

In receiving a delegation of workmen from Moscow yesterday Finance Minister Kokovsovoff gave notice to the workmen of Russia that a government commission is now formulating legislation to remedy the greater part of their grievances. The minister declared that the energy with which the commission is working gave it the right to demand sufficient time for the preparation and consideration of proposed laws.

The interview with the Minister of Finance, lasting an hour and a half, is another indication of the great conciliatory spirit of the government.

#### WOUNDED ABOARD

**The Russian Hospital Ship, Says a Dispatch to Admiral Train.**

Manila, April 15.—Rear Admiral Train in command of the American fleet in Asiatic waters, received a telegram at three o'clock this afternoon from Saigon, the capital and principal port of French Cochinchina, reporting the arrival there of the Russian hospital ship Orel at eight o'clock on the morning of April 13. The Orel had many wounded on board.

#### Probably Sick Sailors

St. Petersburg, April 15.—The Admiralty's advices from Saigon do not mention any wounded men being on board the Russian hospital ship Orel which arrived here yesterday. She probably has sick sailors aboard.

#### Japanese Destroy It

Toyko, April 15.—Noon.—The Naval Department pronounces the report of a naval engagement recently off Saigon to be unfounded.

#### Clado Censured

St. Petersburg, April 15.—Grand Duke Alexis, High Admiral of the Russian navy, has issued an order severely censuring Captain Clado, formerly chief tactician on the staff of Vice Admiral Rojestvensky, for his criticisms of the navy and at the same time, in order to "give him an opportunity to repair his faults," appointed him to special service in connection with the equipment and command of vessels navigating rivers in the theatre of the war.

#### What the Germans Think

Berlin, April 15.—Admiral Rojestvensky's squadron is believed by the Intelligence Division of the German navy to be lying off the Cuyo Islands, 80 miles south of Mindoro, P. I., recouling and preparing for the last stage of its long voyage. Although these islands belong to the United States, they have fine anchorage outside the three mile limit.

#### Stoessel's Trial Begins

St. Petersburg, April 15.—There is no truth in the report that Lieutenant General Stoessel has been formally condemned to death by the commission appointed to inquire into the surrender of Port Arthur. His trial only began today.

#### Cholera in Baku

Baku, April 15.—Three cases of cholera, one of which resulted fatally, have occurred here.

## PROSPECTS POOR FOR END OF THE STRIKE

**Contending Forces Refuse to Meet for Discussion--Mayor Dunne Makes Commendable Effort**

**Montgomery and Ward Sends More Goods to Depot Than Ever—Sensational Bribe Rumor.**

Chicago, April 15.—After a day and large part of the night spent in conference with both sides in the Montgomery Ward & Co. strike, Mayor Dunne late tonight announced that he had made no progress toward a settlement of the trouble and did not seem hopeful that an adjustment will come in the near future. Further conference will be held tomorrow but it is not thought tonight by either the employers or the strikers that an agreement will be reached.

The great obstacle to the settlement is that the teamsters insist that the strike of the garment workers,

now four months' old, be arbitrated before the teamsters return to work and the employers insist that the teamsters return before anything is done regarding the garment workers. Mayor Dunne endeavored tonight to bring about a joint conference but neither side would consent to meet the other. The firm of Montgomery Ward & Co., succeeded in sending more goods to the freight houses today than any time since the commencement of the strike.

Mayor Dunne decided tonight to discuss the charges brought to his attention that a bribe had been offered for the settlement of the strike. "My informant is well intended," he said, "but I do not know whether his information is well founded. I cannot give the details of the charges until I have investigated the matter and found it based on facts. A man's character cannot be assailed upon mere information. Until I have traced the matter I can say nothing."

## GRAND JURY MAY CAUSE MORE ARRESTS

Chicago, April 15.—More indictments, it was rumored tonight, may be voted to-morrow by the federal grand jury which is investigating the business transacted of meat packers. Early today it was officially announced that the jury would adjourn until next Wednesday. Later, however, the sudden appearance of a person, who had a conference with District Attorney Morrison, resulted in changing the plans and the jurors were instructed to meet tomorrow. Some time ago a subpoena was sent out, and the deputy marshal who handled the paper was told not to return until the subpoena had been served. This officer returned late today with the object of the subpoena. When the jury convenes tomorrow this new witness will testify. Edwin B. Fish, on whose testimony, it is said

**Ambassador Porter Informs Government of Wished for Discovery---Dust of Whom Nation Honors Found in France.**

**Battleship Will Convey the Bones of Nation's Benefactor to America.**

Washington, April 15.—Ambassador Porter's dispatch announcing the finding of the body of John Paul Jones reached the state department last night. It is of considerable length in the state department code and will not be deciphered until tomorrow. Just enough of it was deciphered to confirm the press report of the finding of the body. There is genuine satisfaction among the officials at Washington that the untiring efforts of Ambassador Porter have been crowned with success.

Last year at the time the search for the body of John Paul Jones was begun, Mr. Moody, then secretary of the navy made the official announcement that if the body were found the government would send a battleship to France to convey it to this country. It is not doubted that Secretary Morton will fulfil the promise then made. It was said tonight that in case it is decided to send a squadron to European waters this summer, that body probably will be brought home the flagship of this squadron.

## LAMPREY GENERAL TRAFFIC MANAGER

**He Will Leave Erie Dispatch Fast Freight for Detroit Southern.**

CHICAGO, APRIL 15.—ANNOUNCEMENT IS MADE HERE THAT C. F. LAMPREY, NOW MANAGER OF THE ERIE DISPATCH FREIGHT LINE, IS TO BE GENERAL TRAFFIC MANAGER OF THE DETROIT SOUTHERN RAILWAY UPON ITS REORGANIZATION.

THE FOREGOING INDICATES THAT THE PLANS FOR THE REORGANIZATION OF THE DETROIT SOUTHERN IS WELL UNDER WAY AND THAT THE NEW MANAGEMENT WILL BE READY TO TAKE CHARGE UPON THE SALE OF THE PROPERTY ON MAY 1.

## PASSING OF PARADE

**Barnum and Bailey Will Give No More Street Displays**

New York, April 15.—J. A. Lancy, in position the apparatus used in various features have been factors in forcing this conclusion. A careful investigation has led him to believe that the circus parade is no longer popular on account of late arrivals of the show, inclement weather, unavoidable long waits and the consequent delay of the afternoon performance.

## COLD WEATHER TO CONTINUE

**Temperature Has a Decided Fall in the Lower Lake Region and Ohio Valley**

Washington, April 15.—Unsettled showery weather continues in eastern districts, and light showers in the Middle States and the Ohio valley. There has been a decided fall in temperature in the lower lake region and the Ohio valley. In the Middle West low temperatures have been coupled with a considerable snowfall, and snow continues to fall in southern Iowa. The weather is still unseasonably cold. Freezing temperatures prevail in upper Michigan and as far south as Centralia.

Indiana and Illinois—Fair Saturday and Sunday; colder in southern districts.

Upper Michigan and Wisconsin—Fair and cold Saturday and Sunday; fresh northwesterly winds, diminishing.

### Lima Contractor Disappears and His Friends Fear Foul Play.

I. N. McGuire, a well-to-  
do contractor, is missing from  
his home in this city. His  
wife has received no tidings from him  
for two weeks. McGuire recently dis-  
posed of some property, and on the  
day he disappeared he had drawn \$2,  
300 from the bank and started home  
for dinner. Whether he has met with  
foul play, or whether he has absent-

ed himself purposely relatives do not  
know. His wife has gone to the home  
of her mother, broken hearted. She  
declares that there was no family  
quarrel and that her husband must  
have met with foul play at the hands  
of persons who robbed him of his  
cash. She says a number of persons  
knew he was going to draw the cash  
on that day, as he had planned an in-  
vestment.

## Y.M.C.A.

Rev. A. O. Becker, who recently  
returned from India has consented to  
give a series of lectures of three ad-  
dresses to men at the Y. M. C. A. The  
first of these will be Sunday,  
April 16th, at 3:15 p. m. and the  
subject "The Natural Man of India."  
Mr. Becker lived among the natives  
near Madras, India for five years and  
is thoroughly acquainted with the  
"sights, scenes and sounds" as they  
exist there today. His familiarity  
with the country and the native man,  
the product of Oriental customs, su-  
perstitions, and religions, and has a  
ready and easy way telling what he  
knows qualifies him to have a most  
interesting address. On Sunday  
April 30th, he will speak of the  
"Educated Man of India." Those  
who hear the first address will not  
fail to hear all of them.

The last meeting of the Get-two-  
Club for the fiscal year was an en-  
joyable affair with its Japanese  
Menu, the inspiring talks, and the  
general good feeling which prevailed.  
The talk by W. H. Burroughs was  
particularly interesting, and with re-  
sponses from others present bespoke  
much for the possibilities of the Club  
in bringing congenial spirits. They  
will probably unite their forces hence-  
forth with the Outing Club which is  
now being organized.

Outing Club—Have you heard of  
it? If not keep your eye on the in-  
dicator and watch for the final an-  
nouncement which says that the Lima  
Y. M. C. A. Outing and Social Club  
is assured.

Arrangements are almost complete  
which will give to the members of the  
Association an opportunity for prac-  
ticing out-door athletics, play base-  
ball, tennis and swim and have a gen-  
eral good time throughout the summer  
aside from this the plans embrace  
social doings which will be enjoyable  
affairs for the members of the Club

On March 23rd, 1905, the New York  
Central & Hudson River Railroad  
handled on its lines east of Buffalo  
and not including the Boston & Al-

This required 621 trains, with an  
average of 48 cars to the train, and  
was in addition to more than 1000  
passenger trains on these lines dur-  
ing all the day's business of one Ameri-

It is a wonder that the press of  
two continents calls this "America's

prise to his congregation as it was  
expected he would follow the time-  
honored custom of delivering a fare-  
well sermon. Rev. Mr. Leffingwell is  
rapidly closing up his affairs in To-  
ledo preparatory to leaving for Bar  
Harbor, Maine, where he will proba-  
bly spend a portion of the summer.  
While his rectorship of Trinity will  
close the day preceding Easter, Mr.  
Leffingwell will be there to receive  
his friends and successor, Dr. Brady,  
and may remain during the week  
succeeding Easter for the purpose of  
assisting in acquainting the new rec-  
tor with the affairs of the parish. Ap-  
parently Mr. Leffingwell has not mat-  
tered any plans for the future, pre-  
ferring to leave that matter to be  
considered after joining his relatives  
and friends at the old homestead in  
Maine. One of Mr. Leffingwell's val-  
uable possessions is an attractive  
piece of resort property overlooking  
the Atlantic ocean near Bar Harbor.  
It is there that, in company with a  
congenial group of friends, he has  
spent many pleasant vacations, and  
it is probable that a month or six  
weeks will be whittled away by the re-  
sort by the same company the coming  
summer. Mr. Leffingwell will leave  
Toledo followed by the good will and  
best wishes of all his people, and  
with a testimonial from his bishop  
of which any clergyman might be  
proud.

Mr. Leffingwell will preach Sunday  
morning at 10:30 and in the after-  
noon at 4 o'clock at Christ church.

## Baptist Minister Cured of Consumption

Rev. H. G. Reed, Eminent Divine, and Editor of the  
Sunday School Lesson, Restored to Health and  
Strength by Duffy's Pure Malt Whiskey.

"I owe my life to its use. I have lost one daughter by consuming and I  
believe had she had Duffy's Pure Malt Whiskey she would be alive today."

REV. H. G. REED.

405 W. Union St., Jacksonville, Fla., Nov. 10, 1894.  
Gentlemen—For several years I have suffered greatly with throat trouble and weak  
lungs. The doctors said I had consumption. I was able to keep up my work with  
great difficulty, but I finally got so bad that I had no strength to deliver an address. A  
member of my congregation recommended and brought me a bottle of Duffy's Pure Malt  
Whiskey. I took that one, and later on several more bottles, according to directions,  
and it has completely cured me.  
I am opposed to whiskey as a beverage, but I know that your whiskey, which is sold  
as a tonic, is a most valuable medicine. I feel that I owe my life to it. I have lost one  
daughter with consumption, and I believe that had she had Duffy's Pure Malt Whiskey  
she would have been alive today. I trust that I can be of service to others by recom-  
mending your great medicine to them before it is too late. Rev. H. G. REED, Baptist  
Minister and Ed. Sunday School Lesson.

## Duffy's Pure Malt Whiskey

Consumption seldom attacks until the system is run down and weakened by idleness,  
overwork, worry, exposure or inherited tendencies. Duffy's Pure Malt Whiskey is the  
greatest strengthening and health builder known to medicine. It aids only checking the  
ravages of the disease itself, but replaces the weakened, destroyed tissue; helps the  
stomach to more perfectly digest and assimilate food in order that more, richer and  
purer blood will come from it; and regulates and governs the heart's action, so that  
the circulation will be strong and powerful, carrying health and vigor to every organ  
and part of the human body.  
Duffy's Pure Malt Whiskey is absolutely pure and free from food of the only  
whiskey recognized by the Government as a medicine. It has been prescribed by  
doctors of all schools and sold by reliable druggists and grocers everywhere for over 50 years.  
\$1.00 a bottle. Every testimonial is published in good faith and guaranteed. Medical  
booklet free.

CAUTION—Be sure you get the genuine Duffy's Pure Malt Whiskey, manufactured by  
Duffy Malt Whiskey Co., Rochester, N. Y., and put up in sealed bottles, with the "Old Chateau"  
trademark on the label. Beware the many substitutes and imitations offered by unscrupulous  
dealers, because of the extra profit. They not only will not cure, but are positively dangerous.

From 9:30 to 9:15. All the school is  
urged to be present at 9:15 sharp.  
Harry Zurnmelly will make a little  
address at that time. The pastor's

Speaking of Wish Fagan's victory  
over the Browns on Wednesday, one  
of the St. Louis daily paper critics  
says:  
"Egan made good. The game boy  
from Wyandotte, Mich., made the  
Browns' batsmen resemble a band of  
Ashbores trying to play whist. He  
let the Browns down with seven hits  
allowing only two to walk, fanned  
four, smashed out a hit and showed  
class from all the way.  
Egan is a fixture after his showing  
of yesterday, and it would not be a  
bit surprising if Nichols shows him  
against the Browns another time be-  
fore the spring series ends."

**RACING MEN UNITED TO

Evils of the System Are Exposed—

New York, April 15.—THE JOCK-  
EY CLUB HAS DETERMINED TO  
DO ALL IN ITS POWER TO STOP  
WOMEN GAMBLING AT THE  
RACE TRACKS, and at the next  
meeting of the club, will forth bet-  
ting commissioners at all the tracks.  
In the future women desiring to place  
wagers upon horses will be compelled  
to do so through legitimate exor-  
cism. The extension of the betting  
commissioner will, it is expected  
cause a protest to go up from thou-  
sands of betting women who have de-  
pended upon the official messengers  
furnished by the racing associations.  
So much scandal has been created  
during the last year or two by the  
abuse of the system, by women them-  
selves and by messengers, that the  
leading racing men in the east have  
reached the conclusion that some  
radical action is necessary to prevent  
serious injury to the sport.

# TARRED

And Feathered at Night in Her Room Was the Fair Young Woman By Angry Citizens of Hudson, Mich.

Hudson, Mich., April 13.—The tar-cept that a n... supposed to be n... ring and feathering of a prett... woman by 15 prominent women and...

Late Monday night after the street were deserted a party of 15 women and 4 men, all said to be prominent in the city's life, suddenly appeared at her door and gained admission. They did not hesitate to make their errand known and when the supposed husband tried to interfere the men of the party told him he had better go into an other room and keep quiet. He did.

The party then ordered the woman to remove some of her garments. Despite her tears and pleadings they applied a thick coat of warm tar they had brought along and then sprinkled an abundance of feathers on top of that. They then departed with a warning that if the rooms were not deserted within 48 hours' worse treatment would be in store. She disappeared.

## TO BUILD A SUMMER RESORT

Toledo Architect Exceedingly Busy in Van Wert.

Van Wert, O., April 15.—Architect H. W. Wachter, of Toledo, is completing plans for a summer resort near Middleport, which is to be utilized by the people of Van Wert county.

The resort is midway between Van Wert and Delphos, and it is expected that the artificial lake, caused by extensive excavations for a stone quarry, will form an attraction. There is no river or lake of any size in the county. A pavilion for roller skating on summer theatres and a ball park are features of the plan.

This project is only one of a number of buildings to be erected by Mr. Wachter in Van Wert this summer.

## FAITH CURE PATIENT DIES

Physicians Blame Hubbard for the Death of Mrs. Gilbert.

Wapakoneta, O., April 15.—Miss Elsie Gilbert, who was reported last week as being in a critical condition as a result of being under the influence of "faith cure" doctor died yesterday. The attending physician gave the cause of her death as brain fever. She was probably afflicted with the disease at the time "Hubbard," the alleged pow-wow medicine man, was treating her, but her condition did not become serious until last week, when physicians were called in. If the case had been taken in time the physicians are confident that they could have saved the woman's life, and there is little question in their minds that if the method of treatment employed by Hubbard did not induce disease to at least make her condition more serious. Mrs. Gilbert was born in Shelby county and was the daughter of Mr. and Mrs. Kentner. She was 28 years of age, having lived in this city but a short time. The funeral will be held tomorrow.

# THE TRIUMPHS OF PE-RU-NA INCREASE.

Thousands of Chronic Ailments of Women Cured Every Month.

Disguised Internal Catarrh the Enemy of Women.

Miss Della Stroebe, Rural Route No. 1, Appleton, Wis., writes: "For several years I was in a run-down condition, and I could find no relief from doctors' medicines. I could not enjoy my meals and could not sleep at night. I had heavy dark circles about the eyes. My friends were much alarmed. I was advised to give Peruna a trial and to my joy I began to improve with the first bottle. After taking six bottles I felt completely cured. I cannot say too much for Peruna as a medicine for women in a run-down condition."—Della Stroebe.

Mrs. E. M. Merdall, 128 W. 28th St., Indianapolis, Ind., member of A. D. Straight Circle of the Ladies of the G. A. R., writes: "I am to-day enjoying perfect health, thanks to Peruna. For nearly four years I suffered with ovarian troubles. The doctor insisted on an operation as the only chance to get well, but I had always dreaded an operation and strongly objected. My husband felt disheartened as well as I, and when a friendly druggist advised him to bring me a bottle of Peruna he did so, and I started to use it. In a short time my health began to increase, and my aches and pains diminished. Within eighteen weeks I was like another being, in splendid health. Words fail me when I try to tell you how glad and grateful I am."—E. M. Merdall.

It will have a length of sixty-two feet and will be partitioned into four compartments—a baggage room, smoker, general seating space with accommodations for fifty people and an observation compartment. The section for smoking will be equipped with individual chairs and will have a plate glass partition separating it from the baggage room so as to provide a clear view of the track ahead.

Will Hold Convention at Court House.

APRIL 27th AT WHICH TIME CANDIDATES FOR COUNTY OFFICES WILL BE NOMINATED.

The Republican Central Committee got busy this morning and at the session decided to hold the Republican county convention at the court house on the morning of April 27th. At this time candidates for the various county offices, and a new county central committee will be selected. It is stated that Chief of Police Mills will be among the possibilities for the office of sheriff. Since several Republicans have been elected to county offices so much difficulty is not experienced in inducing candidates to make the race.

Mrs. Harry Baker of 430 Washington street entertained at a six o'clock dinner Thursday evening honoring the Misses Davis, of Ada, daughters of Captain Davis, also Rev and Mrs. Quisher and little daughter, Virgie. Later the Misses Davis entertained us with a number of selections on violin and piano with rare ability.

Pe-ru-na, the Only Internal Systemic Catarrh Remedy Yet Devised.

Prominent Cases in Illustration.

Mrs. W. F. Hoffman, 601 North 6th street, Kansas City, Kan., writes: "For eight months I suffered with bearing down pains, dizziness, and wretched headaches. The doctor called it by different names, but all agreed that I had female trouble, which was really the cause of my illness. They prescribed for me, and I took their medicines, but kept getting worse, until a friend told me I would never get well until I took Peruna. Within a week after I started to take it I felt much better and I continued taking it for two months with almost marvelous results. I am without an ache or pain, feel ten years younger, and feel that I owe my life and happiness to Peruna."—W. F. Hoffman.

MRS. W. F. HOFFMAN, 601 North 6th St., Kansas City, Kan.

Mrs. M. Brickner, 99 11th street, Milwaukee, Wis., writes: "I have strong faith in the efficacy of Peruna to cure the ills peculiar to women. A short time ago I found my condition very serious. I had headaches, pains in the back and frequent dizzy spells, which grew worse every month. I tried two remedies before Peruna, and was pretty discouraged when I took the first dose; but my courage soon returned as I could see that I was being benefited, and in less than two months my life was restored."—M. ## WILD CHEERING

From Ten Thousand Throats Greets the President.

Colorado Springs, Col., April 15.—Fully 10,000 persons assembled at the Santa Fe station last night to welcome President Roosevelt at 7:30 o'clock after his all day trip from Texas to hunt bear. Wild cheering greeted the president as he stepped out on the platform of the car. The president responded to calls for a speech saying in part: "I am going to make a request of the people of Colorado. One thing you cannot do on a hunt and that is carry a brass band. You cannot come hunting bears with your Fourth of July celebrations. If a lot of newspaper men start to come in after me I will have to come home, that is all there is to it. The thing they can do that will please me best is to let me alone on that hunt and pay no earthly attention to me or any of my party."

At 9:30 o'clock the train started for Glenwood Springs, the president standing bareheaded on the rear platform, waving a handkerchief to the crowd.

# THE LIMA PHILHARMONIC ORCHESTRA

One of the Best in This Section of the State and is

An Organization of Which Lima Should and Does Feel Proud—Names of Officers and Members.

The Lima Philharmonic Orchestra was organized in this city October 1924, at which time the following officers were elected: N. D. Keys, president; O. F. Sholz, secretary and treasurer; E. C. Maxwell, business manager; board of directors: N. D. Keys, O. F. Sholz, E. F. Maxwell, Philip Dumbough, W. W. Crooks, H. Crockett, George H. McNeany.

The plan of having a symphony orchestra in Lima originated during a conversation between the present conductor, Mr. Sholz, and the secretary, Mr. McNeany, during the summer of 1924. At the meeting on October 15th the details of the organization were perfected, and rehearsals immediately begun. Great credit is due the conductor, Prof. O. F. Sholz, for his untiring efforts in assembling the musicians of the city, also for bringing the organization to such a degree of musical proficiency in a short period of time. No other city in Ohio, outside of Cincinnati, can boast of such an organization as has been perfected, and it is hoped that our citizens will give the support necessary to maintain and continue the orchestra.

The individual members of the orchestra are deserving of special credit as their faithful work at rehearsals and as the work of conductor and officers has been entirely for the advancement of the art. No officer or member having received any compensation whatever for their services.

The next public appearance of the orchestra will be in conjunction with the Choral Society at the annual musical festival on May 3rd at which

time Hayden's "Seasons" will be the offering.

Following are the members of the orchestra:

Conductor, Prof. O. F. Sholz.

Mount Shasta CUTS CAPERS

Dignified Mountain in California Behaves in a Very Unseemly Fashion—Volcanic Matter is Said to Ooze From Sides.

Reeding, Calif., April 15.—Anxiety exists among the inhabitants of Shasta and other small towns near Mount Shasta over the strange actions of the snow capped mountains. For several days distant rumblings have been heard, and the snow is melting fast. Yesterday volcanic ashes and mud began to ooze through the surface of the earth at the edge of Shasta. The flow gradually increased until today it poured forth in several places like thick paint. The report comes from the other side of Mount Shasta that the McClellan Lumber company's truck suddenly sank in two places and that a similar flow of volcanic mud is noticeable. While the mountain itself shows no volcanic eruption, these phenomena cause some alarm. Eleven years ago a similar condition existed for a time causing much alarm.

## PATTERSON CASE

Conspiracy Indictment Against Actress is Dismissed.

New York, N. Y., April 15.—A surprise was sprung by the district attorney's office today during the preliminary hearing for the indictment against Nan Patterson, Judge Foster, in general sessions, on motion of Assistant against Miss Patterson charging conspiracy. This was a great surprise. Rand gave as his reason that the indictment for any crime would seriously injure her at her trial for the murder Monday. It is believed to be a clever move to preclude the possibility of the defense examining the grand jury minutes which contain information beneficial to the prosecution provided it remains secret until brought out at the trial. Arguments demurring to conspiracy indictments against Smith were taken under consideration and the pleadings of the Smiths went over until Monday.

## EASTERN MEN ARE PICKING UP BARGAINS IN THE OIL FIELD

Many oil deals are in course of bargaining, owing to the decline in the crude oil market. Eastern men are picking up some nice bargains should the market in time make an upward change, which history shows is usually done. John Finlay has disposed of his Bath township property, consisting of ten producing wells and acreage, to J. D. Conrath, at a consideration of \$5,300. Mack Calt has made several sales of property, and within a month a number of deals will be closed, a change in the market either way being awaited as a clincher. Producers are holding out still for bigger money in the hope that this summer the market may remain steady.

And then it snowed.

While riding east on High street yesterday morning, Mr. Trover, an employee of the Lusk Bros. & Co. company, was struck by a car.

mission house, was thrown from his wheel by trousers catching in the pedal of the wheel. He sustained a fracture of the right hip by the fall, and was removed to his home on South West street in a cab, where he received medical attention.

THURSDAY.  
SIMPLE FROCK FOR SMALL GIRLS.  
There is an effect of modish simplicity in this little frock of printed chailles, wherein a leafed flower spray is posed against a background thickly sprinkled with tiny pinpoints dots. The effect is a pale pink with the flower in high relief. A V-shaped yoke of nainsook tuckings is inserted at the neck, and the chaille is fully shirred at the band, and finished with a plain hem, and very full, being shirred at trimming. The sleeve is a very full double puff at the elbow, the arm being bare from there, and a velvet ribbon sash is passed around the waist line, to tie with many loops and irregular ends in the back.

## CARNEGIE UPON STOCK GAMBLING

Ironmaster Says that Wall Street Methods Form a Parasite on the Business of World.

New York, April 15.—Andrew Carnegie in a speech at the annual dinner of the alumni of the Stevens Institute of Technology recently declared that stock gambling was not even a business but a parasite on the business of the world. Mr. Carnegie said: "I see a great difference between this audience and one, say from the stock exchange. I congratulate you on choosing a profession—one in which you will not make money easily, but will do higher things than grab dollars. You may not get large salaries, but you will have higher things than the mere money maker can possess—merely he cannot realize his loss—and you will have education."

"When you have education, this is the difference—knowledge does not possess you—you have the education and own it. No matter whether you die worth millions or not, you have something denied to the man who has immersed himself in accumulating wealth. You deal in eternal varieties."

There are no deceptions in the material with which you work. There is no scheming, no sharpness, no tricks. You must do your work honestly and walk straight to the line of honor, or your work falls down. That makes a man who finds that if he has his respect that is sufficient, but it is not that, that nothing is enough. Self respect is more than millions. When the judge within his own soul approves, when he lies down at night of all he has done in the day, he has no other judge to fear, here or hereafter. If he does not have self-approval, everything else is mere dross.

"These own reproach alone to fear."

"Professional life leads men to that higher life most difficult to attain in a mere speculative career, where a man adds nothing to the world, does not add to it materially or morally. Stock gambling is not a business, it is a mere parasite on the business of the world. If I had a son to be educated, I'd choose for him a professional career, such as you chose."

About 90 per cent of the cases of  
headache, vertigo, nervousness,  
cross eyes and many stomach disor-

If your headaches, your eyes water,

## FORGERY CHARGE.

S. S. Fergus, a citizen of this place,  
was arraigned before Judge E. G.  
Kelly, of Wapak, last week, on the  
serious charge of forging a promi-  
sory note calling for \$518.82. The  
warrant was sworn out by D. A. Gre-  
baugh, of the International Harves-  
ter Company of America. The note  
was signed by S. S. Fergus and the  
name of his father-in-law, Elbert  
Gargill, of Port Jefferson, appeared  
as surety. It is claimed that the name  
of Elbert Gargill was a forgery. Fer-  
gus was arrested by Constable Run-  
yon, and on being arraigned before  
the magistrate he pleaded not guilty  
and waived preliminary examina-  
tion. His bond was fixed at \$100 in  
default of which he was sent to jail.

Mr. Gargill, who is well to do and  
reliable is now in his 90th year, yet  
able to transact business. The only  
hope for Mr. Fergus is that his father-  
in-law will come to his rescue.  
The public is misled if they think  
that the I. O. O. F. order, of which  
he is a member, will step in and be-  
fend a member whether right or  
wrong. The order had a committee  
to look into the merits of the case,  
and will, no doubt, if necessary, see  
that the accused has, as all accused  
citizens should have, a reasonable  
chance to prove himself innocent.  
Matters looked very favorable for Mr.  
Fergus to be bailed out the early  
part of the week, but the coming to  
light of other similar papers, put a  
damper on all and at this juncture  
it is hard to conjecture whether  
things will take a turn for better or  
worse.—Cridersville Review.

## THE ASSESSOR.

This is the time of year that the  
assessor starts out hunting for dogs  
and looking for valuables. The first  
movement of the assessor is the sig-  
nal for the universal shrinkage of  
values. Bank stocks that yesterday  
were going at so much above par  
are hardly worth counting, the horse  
that only a few days ago was worth  
two and a quarter is an old plug till  
for nothing but the bone yard, white  
household goods and jewelry are too  
poor to find a market at a second  
hand store. The desire to get prop-  
erty assessed at the lowest possi-  
ble value is universal. It's a game all  
play at and it's as fair for one as the  
other, and when it is all taken to-  
gether in most cases every taxpayer pays  
about his share of the public expen-  
ses. But because the property is  
listed low, the tax rate has to be in-  
creased, for the man who will move  
heaven and earth for a low assess-  
ment will devote an equal amount of  
energy in demanding the best of  
schools and public improvements, and  
we suppose it will ever be such.

## HAD TO HIDE IT

A mother wrote us recently  
that she had to keep Scott's  
Emulsion under lock and key  
—her children used to drink  
it whenever her back was  
turned. Strange that children  
should like something that is  
so good for them. It's usu-  
ally the other way. Scott's  
Emulsion makes children  
comfortable, makes them fat  
and rosy-cheeked. Perhaps  
that's why they like it so  
much—they know it makes  
them feel good.

## BIG JUTENILE DRUM CORPS TO BE

A FEATURE OF G. A. R. MEETING

Washington, C. H., April 15.—One  
of the most interesting features book-  
ed for the State Grand Army encamp-  
ment to be held here on June 6,  
7, 8 and 9, is the Jewell Juvenile  
Drum Corps of Marietta, Ohio. It is  
composed of 22 boys, ranging in age  
from seven to twelve years, fifty-six  
of whom are drummers and twenty-  
six fifers. Most of their mothers will  
accompany them to the encampment.  
Major W. G. Jewell, who is at the  
head of the organization, has been  
making arrangements for quarters  
for the drum corps during the com-  
ing gathering, and he secured the  
Elks' lodge rooms for that purpose.  
The mothers who will come with the  
boys, will cook and prepare meals

and they will all have sleeping quar-  
ters in the lodge rooms. Every morn-  
ing at nine o'clock the drum corps  
will parade. They have uniforms that  
cost more than \$7.00, the coat being  
of dark blue, the trousers of sky  
blue, trimmed in white.

Major Jewell was drum major of  
the 18th O. V. I. during the civil war,  
and he takes much pride in the suc-  
cess of the organization. The boys  
will arrive here at the opening of the  
encampment on June 6.

The present season in the shoe  
trade represents probably the most  
radical departure from the styles of  
previous years than any season for 15  
years. The principal feature is the  
diversity of colors.

# AT THE FAUROT.

Tonight, "The Minister's Sweetheart."  
Tuesday, "A Jolly American Tramp."  
Thursday, Nat C. Goodwin in "The Usurper."

All theatre-goers will undoubtedly be delighted to be enabled to witness the most genial of all comedy creations, "The Minister's Sweetheart," presented by Miss Beatie Clifton and her excellent company, when it appears at the Faurot opera house tonight. This comedy ranks with such plays as "Way Down East," "Lovers' Lane," etc. The novel role that Miss Clifton appears in, that of an awkward, gawky, poorhouse wif, will at once place it preeminently in the first rank of comedy creations as one of the most unique characters ever seen on the stage. The entire surroundings are made up of natural, homelike people telling a dramatic story of more than usual interest. The scenery for the production is realistic. The company is one of the best ever brought together for a production of this kind.

There is to be a play of strong heart interest at the Faurot opera house next Tuesday night in which the nerve and pushing go-ahead-ness of the typical American will be shown in its true quality. The piece which claims to do this is Manager U. D. Newell's great comedy drama, "A Jolly American Tramp," which not only depicts the trials, tribulations and hardships of an honest working man who, through adverse stress of circumstances, was compelled to be a hobo, but it also shows the magnanimity of this same tramp who, after being rehabilitated in society, not only forgets but forgets all the injustice that has been done him and all others equally distressed to bear their burdens and become reconciled to their fate. The play, while playing on the heart-strings also contains many humorous and laughable situations and intensely stirring

MINISTER'S SWEETHEART AT FAUROT TONIGHT.

climaxes. There will be specialties of an interesting nature. The cast is

the best obtainable and contains such well-known players as Joseph Keary, who essays the role of the weary Willie in "A Jolly American Tramp," and who is said to be the best delineator of the genus hobo on the stage; his make-up is said to be perfect, and so exact that were he to leave the stage in his tatters and rags our police would surely send him to the workhouse purely on his looks.

To those who may not have made up their minds to visit the Faurot opera house, the management of that play-house deems it advisable to state that in his new play, which he will present here on next Thursday night, N. C. Goodwin possesses a drama of much worth and strong dramatic interest, and that in "The Usurper" he has found a piece which is not only the successor of "When We Were Twenty-one" and "The Gilded Fool" but that in it he advances his fame more than did his role in former triumphs. In this play he has a character in which genial humor, telling wit, and sparkling lines blend with clever by-play and which makes Mr. Goodwin's art shine at its brightest. It has in addition serious situations that bring out sharply his powers as a player of the highest grade, and that he will wring the heart strings and touch the risibilities of his auditors goes without saying. His performance will be staged on a scale of lavishness that always compels admiration and for which he is noted.

A delightful surprise is in store for those theatrically inclined, for John W. Vogie's Big City Minstrels are due at the Faurot soon. Fred Russell will, of course, be the chief merry-maker on this occasion, and to our minds there is no comedian so well prepared to infuse spontaneous mirth as the genial Fred. He has long held the premier place, and in this greatest of minstrel shows will clearly demonstrate his right to the title of "Comedy King."

MINISTER'S SWEETHEART AT FAUROT TONIGHT.

The scenic equipment will be complete, the first part setting being more elaborate and costly than anything of the kind ever seen here.

## CARNEGIE'S PLAN FOR COLLEGE EXPANSION

**A Pressing Need of Aid Must Exist—Not a Charitable Project—Ironmaster Does Not Propose to Abandon Building of Libraries for New Philanthropy.**

New York, April 15.—In an interview, Andrew Carnegie explained his new plan of assisting colleges throughout the United States. He said he has no intention of encouraging small college, nor larger, for that matter, to expand beyond their visible resources. It would do them more harm than good in most instances, he says, to place at their disposal considerable sums of money to be expended in any way which might gratify the immediate views of their trustees or faculty. "I must be assured in the first instance," Mr. Carnegie replied, "that there exists a pressing need which cannot be met by the resources at the command of the trustees. I must then be assured that the enterprise is one which has been wisely and which has a reasonable chance of being self-sustaining." "Will Still Aid Libraries." Asked if this new benevolence of assisting colleges meant that he had tired of libraries and would not fund-endor them, Mr. Carnegie replied: "Not at all, I am as ready to assist in the establishment of libraries now as ever, but the demand for them is much less active than formerly. 'Most of the cities and large towns

are already supplied, and the applications now received are mostly from small committees, whose requirements are not very great. 'The applications now average only about one a day and this costs only about \$20,000 a day. I do not consider that enough to spend in the work I have planned, hence my interest in colleges.' Objects to 'Philanthropist.' Asked as to the measure of satisfaction which such philanthropy afforded the giver Mr. Carnegie said: "I object to the term philanthropist when applied to myself. I have always understood it to mean a man with more money than brains. In my work for humanity, I propose in doing good and making myself and other people happy. 'In what I am doing I find supreme satisfaction. I know of no pleasure in life which for men is comparable to creating a library which is not mine when created, but belongs to the people. 'A library is a cradle of democracy. I never said that the rich is to die disgraced. What I did say was, much more sensible and much nearer the truth. His Example the Thing. 'I do not expect to impoverish myself, but I hope to set in motion systems of wise and practicable bene-

volence in which what fortune I have may be wisely and profitably employed those who come after me. 'I am satisfied with what I have accomplished thus far, but I should not be if I did not believe that what I have begun will continue after I have gone. 'It is not what I am able to give, but, what I am to induce others to give, which does the real good I seek to accomplish.' So far Mr. Carnegie has aided 51 colleges and his unfulfilled promises in the matter of libraries and college endowments amount to \$17,000,000.

Members of the New Jersey legislature are charged with having sold their votes for \$500 each. The past season will go into history as remarkable for the low prices which have prevailed for legislature votes. There appears to have been a general cut all along the line.

When the Japs rename Port Arthur, it is expected that they will surround it by a hyphenated chain of syllables which will be practically impregnable. A French scientist says the future man will be legless. In that case, Russians will have to adopt some new method of fighting. Having been elected mayor of Chicago, Judge Dunne will now retire from the Judgeship. He has shown that a man can hold one office and go on to another.

Matchmakers are having more or less trouble finding a bride for young King Alfonso. The king's ideal is an American girl and they can't find a dithless or princess that measures up to it. The treasury department says there are \$2,588,992,083 in circulation in this country. It doesn't seem possible and yet the treasury department ought to know.

There is to be no politics in the

Inasmuch as he is doing the work

in Secretary Taft not to show signs  
of fatigue.

Reports say St. Petersburg is happy.  
It is the first time since the czar be-  
came the daddy of a boy that any such  
report has been sent out from the  
Russian capital.

St. Louis is talking of christening  
the cruiser named in her honor with  
beer. Beer would not seem so inap-  
propriate if the vessel to be christened  
were a schooner.

A Kansas paper says "Kansas will  
take Mr. Rockefeller by the scalp  
lock." The threat is entirely figura-  
tive for it is well known that Mr.  
Rockefeller hasn't any scalp lock.

The talk at St. Petersburg now is  
that Rojostevsky will fight the  
Japanese into negotiating peace.  
Russia has been fighting the Japanese  
long enough to know them better than  
that.

The Columbus Dispatch suggests  
that the United States senate might  
test its popularity by traveling in the

United States senate too slow to  
keep up with the wake of the Presi-

Vice President Fairbanks' friends  
seem to be displeased because the  
President left Taft to "sit on the  
lid" while he went away. Evidently  
the vice president's friends do not  
regard Taft's selection as a matter of  
equivocation.

THE RED-HEADED GIRL

An eastern paper has been conduct-  
ing a contest of popularity between  
blonds and brunets, and the prepon-  
erance of opinion has proved to be  
in favor of the girl with red hair.

Red hair has seemed always to be  
subject of all feeling jokes. Just  
very likely no one knows. Yet  
the joke's prejudice against  
blond locks, there are few coming into

arm wherever they want to go, with-  
out the aid of a guide or even a walk-  
ing cane. They are familiar with the  
town and go about the streets and  
never jostle against their fellow pedes-  
trians. They frequently visit the post  
office, and can go to any store in town  
if given ordinary directions for find-  
ing it. They are cheerful and get more  
out of life than many who are re-  
frainate.

There is nothing unusual about  
either item. They are commonplace  
occurrences. Everybody is familiar  
with the facts set forth in each in-  
stance. Separately, neither item  
would amount to much, and might be  
dismissed with a shrug of the should-  
ers and the remark that it is not un-  
usual. But taken together they preach  
an eloquent sermon. They show that  
life is what one makes it, depending  
not upon vast estates or mighty power,  
but upon the inner self, upon love for  
something above the world and in-  
wealth. Too many such sermons can  
not be preached, and we therefore  
feel that the space occupied by these  
two items will pay a dividend in more  
contented citizenship.

NARROW-MINDED PEOPLE.

What constitutes "narrow-minded"  
people?

Webster says "narrow-minded"  
means "Of narrow mental scope;  
illiberal; mean." That ought to be  
easily understood. But if you mean  
who are narrow-minded people, that  
is another thing. Everybody seems to  
think that it is the other fellow. You  
couldn't find a man or woman in this  
city who would admit that he or she  
is narrow-minded, and there are but  
few against whom the accusation has  
not been made at some time by an  
enemy. It is a flippant thing to refer  
to a person as being narrow-minded  
simply because he does not happen to  
believe as you do, and until some  
genius invents a mindometer with  
which to measure the mind you will  
do well to refrain from using the ex-  
pression.

The one man who hung the jury be-  
lieved he had discovered eleven very  
contrary men—and narrow-minded  
ones. The fellow who has convictions  
and sticks to them is called narrow-  
minded by his opponents. The old  
time abolitionists were considered the  
most narrow-minded set who ever  
lived, and yet look what they have ac-  
complished. They are now the ones  
whose memory we revere.

Intolerance is unquestionably the  
curse of the world today. And intoler-  
ance is narrow-mindedness, which  
again, as Webster says, is meanness,  
which is lack of charity. Ah, there's  
your definition. Narrow-minded—  
lacking in charity—charity for the  
opinions of others, charity for the sen-  
timents which are dear to some one  
other than those who do not eat what we  
do, nor sleep as we sleep, nor think as  
we are bound by environment to think.

The woman who attends the church on  
the east side of the street defends  
her religion with bitter invective and  
sneers at the religion of the woman  
who attends the church on the west  
side of the street—lack of charity.

The man who is too stingy to spend  
a dime for a fishing pole condemns  
the fellow who goes out in God's country  
for a day—and we who enjoy setting  
out into the country for a day, say the  
man who does not enjoy it is too stingy  
to spend a dime for a fishing pole—  
lack of charity, you see; narrow-  
mindedness, if you please.

But there is a way to tell the broad-  
minded man. The little children have  
no trouble doing so; even the dogs on  
the street are not afraid of some peo-  
ple. And whom children love and  
dogs are not afraid of—they are your  
broad-minded men. Then, the smile is  
a good thing to go by. You never yet  
have seen a pleasant-faced man or  
woman, a person who carried around  
with him a look of peace and content-  
ment, a smile and a merry twinkle in  
his eye—you have never seen such a  
man who was not broad minded and  
you never will.

James Whitcomb Riley, in one of  
his poems says:

"When God made Jim  
He didn't do anything else that day  
But just set round and feel good."  
And Jim was a broad-minded fellow  
and he imitated his Maker in the mat-  
ter of feeling good. If he had been  
narrow-minded we do not believe God  
would have felt good over making him  
and certainly Jim would not have  
felt good about anything. When you  
meet one of these little-minded, pinch-  
ed-faced mental runts who looks like  
he was afraid to let go of his face for  
fear he would actually smile, you may  
have a pretty good idea that he is  
one of the narrow-minded ones, but  
we are not willing to go on record to  
that effect, because we may be mis-  
taken, and we want to be known of  
all men as having charity—charity  
for the rich and the poor; charity for  
the saint and the sinner; charity for  
the miserable makeshift of humanity  
as well as for the well-groomed lords  
of creation. Rope is so cheap we could  
not refrain from committing suicide  
if we were seriously accused of being  
narrow-minded.

EVE AND THE APPLE

Now it has so happened during these  
past thousands of years that the hu-  
man race has been talking about one  
Miss Eve, later Mrs. Adam, having at  
an early date, and before the fruit  
was past the colicky period, eaten an ap-  
ple. So firmly fastened in the litera-  
ture has the story become that all the  
details of how she climbed the tree  
are set forth in many words of art.  
Yea, verily has it ever been told how

through to Mediterranean basin—Centu-  
ry Dictionary.

"I've never ate the apple  
"Because there is no indication  
in the Bible that Eve did eat it.  
"No apples have ever been known  
to grow in that region.  
"If she did it was probably a  
quince.

Mrs. Lillie Devereux Blake thus  
neatly disposes of the earliest scan-  
dal. And Mrs. Blake, being a daugh-  
ter many times removed of the fam-  
ous lady in question, has doubtless as  
intimate a knowledge of the fact as  
any authority extant. She made the  
assertion in all confidence recently  
at the meeting of the Legislature lea-  
gue, at the Murray Hill hotel, and  
created a flutter in the dovecot which  
no argument for woman's rights has  
caused.

"Mrs. Blake was combating the  
statement made by Mrs. Johnson, the  
speaker of the day, who in proof of  
woman's importance said:  
"There is one fact often quoted  
which still remains undisputed. Eve  
ate the apple.  
"Whereupon Mrs. Blake straight-  
way threw the quince at her. Every  
woman in the room was very much  
shocked, greatly relieved and a trifle  
disappointed. They are still wondering  
if Eve did not eat the apple what the  
serpent had to do with the case.  
"Mrs. Blake has vouchsafed no in-  
formation on that head.

Apple—The fruit of a roseaceous  
tree, *Fyhus malus*, a native probably  
of Central Asia.

"Quince—Fruit of the tree *Pyrus  
cydonia*. It is pear-shaped, or in one  
variety apple-shaped, large, some-  
times weighing a pound; of a golden  
yellow color when ripe, and fragrant.  
The quince was known to the ancients  
and it has been argued that the golden  
apples of the Hesperides were quinces.  
The origin of the quince is not clear-  
ly known, but it occurs simultaneously  
from Northwestern India, westward
